- 📍 Berg-am-Laim Straße 67,  
München, 81673, Germany

## SKILLS

- Java
- Git
- C
- x86 Assembly
- OCaml
- HTML & CSS
- Javascript
- Python
- Object Oriented Programming

## EDUCATION

### Bachelor of Science in Computer Science

Technische Universität München,  
Munich

October 2022 - 2025

### Internationales Studienkolleg, T-Kurs

Hochschule Kaiserslautern,  
Kaiserslautern

**Graduated:** July 2022 with average  
grade 1.5

### High School Diploma

SMK 1 PENABUR Jakarta, Jakarta

**Graduated:** May 2021 with average  
grade 91.64

## PROFILE

Enthusiastic undergraduate Computer Science student with focus in mathematics as application field at the Technical University of Munich, eager to explore the field of Data Science and Artificial Intelligence.

## ORGANISATIONS

### Food & Beverage Committee,

KMKI Bayern (Indonesian catholic student organization in Bayern), Munich  
August 2023 — Present

Managed and organized teams of cooks and kitchen staff on events.

### SMK 1 Cup Committee - Band Competition Division,

SMK 1 PENABUR Jakarta, Jakarta,  
October 2020 — December 2020

Assisted in finding, organizing and providing information to participants.

## PROJECTS

### CensorBot

March 2024 — Present

A simple profanity checker made using machine learning that utilizes the Naive Bayes classifier from sklearn library.

### Mori: Personal Money Diary

September 2023 — Present

A mobile Money Manager application written in Flutter.

### Slash Survivors

September 2023 - October 2023

A top-down 2D pixel hack and slash game written in GDScript by the Godot engine.

### LU Decomposition

April 2023 - July 2023

Written in C and created as a collaborative submission for the university course "Grundlagenpraktikum: Rechnerarchitektur" in groups of three.
